

CROSS-U. S. FLIGHT IS SUCCESSFUL

SA DIEGO, CALIF., May 3.—(By the United Press)—The first non-stop trans-continental aviation flight was completed today by Lieutenants MacReady and Kelly, when they arrived at Rockwell Field here at 12:22 p. m.

KANSAS CITY, MO., May 3.—(By the Associated Press)—The monoplane T-2 in which Lieutenants Oakley G. Kelly and John A. MacReady are attempting a non-stop trans-continental flight, early today, presumably is over New Mexico facing the hardest part of the battle from Hennessey, N. Y., to San Diego, Cal., the home station.

After the huge plane flew over Kansas City at midnight last night, approximately 1,100 miles on air mail from its point of taking off, authentic trace of it was lost through the hours of darkness.

That part of the voyage had been made in something less than eleven hours, a speed of approximately 100 miles an hour. That same rate of progress should bring the next report from the T-2 from some point in the sparsely settled district of New Mexico or Arizona.

When the T-2 passed over Kansas City, the engine seemed to hum steadily and there was no indication that anything was wrong.

It is presumed that the pilots from here followed southwest the line of the Chicago, Rock Island and Pacific Railroad, which they traced on their previous trans-continental effort when, flying from San Diego, they were forced down by a damaged motor at Indianapolis. That railway line marks a perfect trail southwestward. By keeping above it and with a brilliant full moon shining, their night passage was regarded as less hazardous than a casual reference to the map with its broad spaces unbroken by towns or cities and with its feathery outlining of mountains might indicate.

It is estimated that the two daring airmen have covered well more than one-half the approximately 2,400 miles of their journey. From Kansas City to San Diego, an air line it is roughly 1,350 miles.

Foreign Ship Liquor Ban Effective June 10th

WASHINGTON, May 3.—(By the Associated Press)—Definite decision has been reached by administration officials charged with prohibition enforcement to put the ship liquor ban into effect on June 10, and Secretary Hughes has been requested to notify maritime nations that foreign ships entering American territorial waters on and after that date will be held to strict compliance with the law as interpreted by the supreme court.

The situation growing out of Monday's sweeping court decision, which declared that American and foreign ships must be "bone dry" inside the three-mile limit, was discussed yesterday at a conference of treasury officials. Afterward announcement was made that June 10 had been fixed as the date for clamping down the lid, that the secretary of state had been asked to advise foreign governments of this intention and that the treasury was determined to enforce the law in its new application, impartially and vigorously.

It is admitted in administration circles that some governments are likely to protest against the court's interpretation of the law as an infringement of their rights. American diplomats, it is regarded as certain that lengthy negotiations will follow.

Women On Hunger Strike

PADUCAH, KY., May 3.—(By the Associated Press)—Officials today were checking up points in the story of Paul Heinemoller, taxicab driver, that he drove Mrs. Henrietta Wagner, arrested in connection with the bombing of the home of Alfred Warren here last Monday, when Mrs. Warren was killed, to a point near the scene of the blast a short time before the explosion. Investigators last night, however, Heinemoller having given officers a voluntary statement, telling county officials that he went to the Wagner home early Monday in accordance with an engagement with Mrs. Wagner. He carried the woman twelve blocks to a point near the Warren home, where the woman alighted and disappeared in the direction of the house, he said. She reappeared within five minutes and he drove her back to her home. Soon after his arrival there he heard an explosion, which he later learned had wrecked the room in which Mrs. Warren was sleeping and caused her death. Mrs. Warren's three children, asleep in an adjoining room, were uninjured. Officials said following Mrs. Wagner's arrest, that evidence of her jealousy over Warren, whom she had raised from a child, was believed to indicate the motive for the crime. Reports received here from Princeton, where Mrs. Wagner and Mrs. Emma Skillian, who also was arrested as a suspect, were taken for safekeeping, were that the two women apparently had inaugurated a hunger strike neither having eaten since their arrival Monday afternoon.

FIRE ON RUM RUNNERS

NEW YORK, May 3.—(By the Associated Press)—The flight of the Jersey rum fleet during the night was believed to be due to the action of the coast guard cutter Seneca, in sending a four inch shell across the bows of a small smuggling craft to bring her to a halt.

The Seneca opened fire yesterday afternoon, it was announced today at coast guard headquarters, after two small runners, scuttling along, began to turn the fleet and shore, heeded a signal to halt. The Seneca, ordered by Washington to join in the constant patrol of the fleet, moments heavier guns than the small cutters and the boom of a four inch shell was believed to have struck fear in the hearts of the fleet.

Both runners halted after the shot had been fired.

Coast guard officers explained that the regular procedure when a boat was to be stopped was to signal with the whistle for her to lay to. If the command was not obeyed, a shot was sent across her bow.

According to the coast guard, several of the smaller cutters in the past have followed this course, but the boom of a heavier gun, with rumors of drastic action against the fleet ordered by Washington, led the fleet hastily to withdraw in the belief that was being fired upon. Palmer Catefield, state prohibition director and United States Attorney Cohen and Cushman, planned to set out in an airplane this afternoon for an inspection of the scattered fleet.

Speculation was rife along the waterfront as to whether the fleet actually had given up in the face of the prohibition enforcement spring drive or merely had departed to some other bit of coast where they figured opposition would prove less effective.

Shop Workers Get Increase

CHICAGO, May 3.—(By the Associated Press)—Twenty thousand maintenance of way and railroad shop employees of the Atchison, Topeka and Santa Fe Railway have been granted increased wages, effective May 1, through an agreement just negotiated. A. F. Stout, vice president of the United Brotherhood of Maintenance of Way Employees and Railroad Shop Laborers' Union announced today. The increase will range from one to three and one-half cents an hour, Mr. Stout said.

Sugar Takes A Tumble

NEW YORK, May 3.—(By the Associated Press)—Reduction in the price of refined sugar from 10 to 12 cents was announced by one large refiner today after Cuban raw sugar had dropped 13 cent to 6 1/2 cents, cost and freight, equal to 7.91, in trading on the New York Coffee and Sugar Exchange.

The low price on raw sugar was made on a sale of 15,000 bags of Porto Rico's to a local refiner. The price was about 25 cents below the recent high level. Raw sugar futures broke about 25 points during the forenoon trading, under renewed liquidation.

One large refiner admitted withdrawal of refined sugar on previous placed contracts were on the increase and that the volume of new orders was not satisfactory. It was declared too early to say whether the housewives' sugar boycott was responsible for conditions, although some sugar men expressed the belief that it was at least a partial cause.

MEMPHIS BUSINESS MEN ARE AIDING PIGGLY WIGGLY HEAD

MEMPHIS, TENN., May 3.—(By the Associated Press)—Organized under the slogan, "Memphis will take care of her own," scores of leading business men of this city today began an intensive campaign of personal solicitation for the sale of stock of the Piggly-Wiggly, Inc. To the corporation's president, Clarence Saunders, center of the recent Piggly-Wiggly sensation in the New York Stock Exchange, they enthusiastically pledged their support at a dinner attended by the "Friends of Saunders" last night.

Teams were organized under the direction of a "central committee" and proposed by three days of activity, for which they will receive no financial remuneration, to carry to success the local capitalists' plan of disposing of 50,000 shares of Class A Piggly-Wiggly stock to the public.

The action of the local business men was taken under the leadership of S. H. Butler, president of the Memphis Chamber of Commerce, whose directorate has endorsed the Saunders stock-selling campaign and in resolutions declared that "Mr. Saunders has put the interest of his friends and of this community above his personal interests."

The rally of the citizens to the aid of Piggly-Wiggly and its president followed the publication in newspaper advertisements yesterday of Mr. Saunders' declaration that "unless I sell the Piggly-Wiggly Class A stock, I will go broke," which was immediately under the caption, "Wall Street Is Right."

Although preceded by only a few hours' notice, the dinner meeting last night was attended by more than 300 representative citizens, including perhaps a hundred women.

Mr. Saunders himself was present, and in a brief speech outlined the situation and expressed confidence in the outcome. He was loudly applauded.

To Place Figure Of American On Monument

PARIS, May 3.—(By the Associated Press)—The figures of an American machine gunner, a grenadier and a French light infantryman will be the conspicuous features of a monument to be erected on the Feme de Navarre, the scene of some of the bitterest fighting of the World War. The monument is to be dedicated to the dead of the armies of the Champagne.

The committee in charge of the memorial announced that the American soldier will be included in the group in "Hommage to the gallantry of the soldiers of the great American republic." The monument is to be the work of Maxime Delsarte, a sculptor unaffiliated in the war. It will stand on a pyramid upon the sides of which will be inscribed the names and number of the French regiments and American divisions that participated in the Champagne battles. Several American units fought in the Champagne from the offensive of September 26, 1918, to the armistice.

French Reject German Offer

PARIS, May 3.—(By the Associated Press)—The French and Belgian governments, after an exchange of informal views, are unanimous in rejection of the new reparations put forward by Chancellor Cuno of Germany. The proposals are held to be so inadequate as to offer not even a basis for negotiations, first in view of the lack of guarantees for payment, and second because of the smallness of the sum offered.

The French official circles regard Germany's last reparations proposal as preposterous, and only fitful for Anglo-Saxon and neutral consumption.

We t-D r y Fight Looms In Congress

BY DAVID LAWRENCE
(Copyright 1923)

WASHINGTON, May 3.—The biggest "wet" and "dry" fight since the Volstead law was passed is coming in the next Congress. It may overshadow the World Court in the debates as well as other issues. Anticipating such a development, President Harding will keep the status quo on American ships outside the three mile limit until Congress gives permission to sell liquor on the high seas on a parity with foreign vessels. The "wets" will make it the test of the "dry" control of Congress.

The President knows there is no law against the sale of liquor aboard American ships and to that extent Chairman Lasker and his legal advisers were right in selling liquors until a presidential order instructed them to do otherwise. Now that the Supreme Court says Congress must pass a law to prohibit the sale of liquor on American ships if it wishes that object accomplished, the President must consider carefully whether lifting the lid at this time would only create antagonism among the "drys" and imperil the appropriations for the shipping board next autumn.

The survivors of the Texas Brigade, United Confederate Veterans which meets annually in Bryan, sent the banquet and Mr. Rountree had spoken of their giving "flowers to the living."

Boy Believed To Be Held In Canada

SCHENECTADY, N. Y., May 3.—(By the Associated Press)—The abduction of six-year-old Verne J. Lincoln, missing former attorney and horticulturist, again holds the attention of officers. For questioning in connection with the cards W. E. Orr, sheriff, extended his search for Byron Shoup, brother of Mrs. Lincoln, the missing man's estranged wife, who also is sought. The authorities also are searching for carbon copies of letters that John Lincoln, the horticulturist's son, said his father had written to a brother and sister of his wife, soliciting them to use their influence to have Mrs. Lincoln return home. The letters were said to have made accusations against Shoup. John said the copies had been among his father's papers, but they were not found among those scattered about the home and grounds the morning after Lincoln's disappearance was discovered by his brother, Edward. A warrant was attached to the finding of a small hand axe under boxes in the nursery, investigators asserted it might have been used in slaying the missing man.

MOTHER DENIED CHILD; GOES TO FOSTER PARENTS

CHICAGO, May 3.—(By the Associated Press)—The welfare of twelve-year-old Alice Beatrice Nuttall will be better served by her remaining in the care of the foster parents who legally adopted her when she was a three weeks old mite, than by taking her from the influences and environment in which she has spent her childhood and restoring her to the mother from whom she was taken without parental consent, two judges opined yesterday in deciding the case brought by Mrs. Ada Morris against Mr. and Mrs. James Nuttall, of Waukegan, Ill.

Little Alice on the witness stand said that while she believed she could learn to love her mother, Mrs. Morris, she could not love her as well as she does "mother" and "daddy" Nuttall.

Mrs. Morris testified that when Alice was born before she had been married to the child's father, activities took the infant from her while she was unconscious, and placed it in a nursing home. From there Alice was taken by the Nuttalls.

For twelve years, Mrs. Morris testified, she sought Alice. Her relatives refused to aid, Mrs. Morris said, even after she was married to Alice's father. Recently she found Alice in the Nuttall home, where she became known to her daughter as a "dear friend of the family."

The judge's decision provided for Mrs. Morris to visit Alice, and added: "Courts cannot be governed by sentiment or tears or sorrow in cases involving the rights of individuals or of the state. The state is a silent partner with zealous if not a jealous eye to the welfare of the child. If would be not true, this government."

"Some one's heart must be broken and it shall not be a child's," such was the decision of Judge Joseph B. David yesterday that led him to reverse the precedent set by \$80,000, and awarded Alice Beatrice Nuttall to a foster instead of her real mother. "It is not a question," read Judge David's decision, "that the heart of the mother would be broken or the heart of the foster parents would be broken, but the heart of a child would be broken."

Ruthenberg Convicted In Michigan; Faces Pen

ST. JOSEPH, MICH., May 3.—(By the Associated Press)—Charles E. Ruthenberg, of Cleveland, Ohio, is the first man convicted under the Michigan anti-syndicalism law.

After deliberating four hours and fifty minutes, a jury returned a verdict of guilty in his trial as a result of the raid on the communist party convention near Bridgman, Mich., last August. It was alleged his attendance involved criminal syndicalism through advocacy of governmental reform by sabotage, force and violence.

Sentence will be pronounced June 4. Judge Charles White, announced, Ruthenberg's attorneys having until then to prepare an appeal. The maximum penalty Ruthenberg faces is ten years in prison, a \$5,000 fine or both.

His trial followed that of William Z. Foster, of Chicago, on the same charge. The Foster jury was dismissed after 35 hours' deliberation when it was hopelessly deadlocked. Attorneys said that Ruthenberg's conviction assures a retrial of Foster.

The jury's verdict increased Ruthenberg's convictions for radical activities to three. On a former conviction he served a sentence in an Ohio work house for obstructing the draft. He served 18 months in Sing Sing Prison before he was released, pending retrial on conviction of having written the manifesto that divided the Socialist party.

Ruthenberg's defense was that he attended the Bridgman convention for the sole purpose of presenting anti-advocating the adoption of a plan legalizing the communist party, forming it as a non-violent party of which he is active secretary.

BETTER HOME WEEK HERE JUNE 4-10

Better Home Week

Of course, you have heard about the observance in various parts of the country, and now you will be more generally observed than right here in Portsmouth.

It will be observed during the week of June 4-10 and indications are that it will be a greater success than the idea is a clever one.

and Portsmouth merchants, with characteristic energy and progressiveness are going to get back of it with all their vim and vigor.

In other words, it is going to be an unqualified success.

In connection with the better home movement The Day and

Times will stage a model home show in Portsmouth to be known as "The Home Beautiful." Three new houses have been secured for this demonstration and the newspapers, in connection with the retail furniture dealers of Portsmouth, will completely fit up and equip these houses as model homes. The exact location

of the houses will be announced in due time.

The Better Home Movement is a comprehensive treatment of the whole home problem rather than any one phase of it. The idea is the outgrowth of a suggestion made by President Harding in a speech in 1921.

Indorsing the campaign this

year, President Harding said: "I know of no matter so intimately connected with the life of our people to which we can give greater devotion and service for fundamental improvement than the upbuilding not only of individual homes, but of the actual improvement of our homes."

BIG SHOW TONIGHT

To Hold Scout Show In Mound Park

Interest among the Boy Scouts of the city is centered in the First Annual Scout Show to be held May 10 at Mound Park. It is expected that every troop in the city will be represented in the events which include a fireman's lift race, 100-yard dash, fire building and water boiling contests, scout pace, pup tent pitching, running broad jump, wall scaling, barrel tilting, chariot racing, window trimming, etc.

Rules and regulations for the contests have been made by the Portsmouth Council and are being distributed.

Physician Tells Weak, Nervous People How To Get Back Health and Strength.

Do not buy expensive tonics nor worthless concoctions. A pure organic phosphate such as Bitro-Phosphate taken at meal times will supply the blood, bone and muscles just what they need to put life and strength into tired, worn-out, nervous bodies. Bitro-Phosphate is safe to take and can be obtained from any good druggist at reasonable cost.—Advertisement.

Interested among the Scoutmasters and scouts. Those who have not yet received their copies are asked to call at the office of Executive L. T. Henderson, seventh floor, First National Bank building.

The show will be under the direction of Scout Executive Henderson and Scout Commissioner Fred Price, Sr. Three judges, three time keepers, and one announcer, registered scouts in good standing, financially and otherwise, will be permitted to enter the meet. Only scouts who have been registered before May 15 will be allowed to participate.

Troops must turn in the entry list containing the names of the scouts they expect to use in each event to the Scout Executive before May 15. A handsome engraved silver loving cup will be awarded the troop scoring the highest number of points and a scout diary will be given to any one of the scouts. First place counts 8 points; second place, 5 points; and third place, 3 points.

The show is to be the first ever held in Portsmouth and is being modeled after the one successfully

staged each year at the Coliseum on the State Fair Grounds, Columbus.

OLIVE OIL BRINGS SILKY SHEEN TO DULLEST HAIR

What is the secret that is giving beautiful hair to thousands of women? Simply the use of Olive Oil in the shampoo! Hair specialists say that hair should never be washed without it. For it keeps hair from dry, brittle dullness. You can have this luxury at home now, cheaply. Just get a bottle of PALMOLIVE SHAMPOO—any drug or department store. Use it but a few times and you will marvel at the lovely sheen it gives to your hair. Cleanses gently. Leaves hair gleaming and soft as finest silk.

Wet-Dry

(Continued From Page One)

by the government itself is inevitable. Mr. Harding wants to make sure that the money for government operation will be forthcoming regularly to meet commitments already made and others that will have to be made to offset foreign competition on the seas. The President knows that the "drys" undoubtedly will take a rider to the shipping appropriations providing that the money is granted only on condition that liquor is not sold on American ships.

This will be a challenge to the "wets" who already are preparing to show the country that the action of the "drys" is carrying things to the extreme. The merits of prohibition itself will hardly be discussed but instead the economic effects of greater appropriations and more drain on the taxpayers' pocketbooks of American ships are kept "dry" while foreign vessels enjoy the freedom of the seas. The "wets" make the following points:

First, that liquor sold outside the three mile limit will not bring the evils which were originally charged against the use of intoxicants for everybody on a voyage can get all the liquor needed immediately after arrival at destination and it is unfair to deprive American ships of patronage simply to postpone purchase of liquor a few days.

Second, that foreign ships will arrange some method of getting liquors aboard outside the three mile limit, either through floating warehouses or ports of call, and that American ships will be cut out of the cruise business which is growing in popularity. Foreign vessels will advertise extensive

cruises in the Mediterranean, Central and South American ports, and even in the Orient and will naturally make a stop at either Halifax or the Bahamas and take on a stock for the long cruise while American vessels will stop at all these ports but will be forbidden to take any liquor on board.

Such inequalities will tend, the wets claim to hurt American passenger business.

Third, foreign complications are arising and America is earning the ill-will of foreign peoples by attempting to usurp the seas through laws which prevent foreign ships from touching at American ports with any liquor on board and that a precedent is being established which may at some later day arise to plague American interests.

In answer to the foregoing, the "drys" already are saying that the difference between a profitable merchant marine with liquor sold outside the three mile limit, and an American merchant marine kept dry is so little, relatively speaking, that Congress can afford to pay the few millions involved and keep the letter of prohibition on sea as well as on land, and thus maintain American citizens free from the temptation of the drink so long as they are under the jurisdiction of the stars and stripes. For the principle of the thing, the drys are willing to help get the necessary appropriations for shipping, but they think that the needs are vastly over-estimated and this will be the line of their attack.

If economic reasons should enter into the controversy, as seems likely, the drys will revive their old argument that the people of the United States gave up a half billion dollars in liquor taxes to make the nation dry and paid the government expense out of income taxes and if they believe in that theory they can afford a few millions more to keep America's marine dry.

But the danger to the "dry" cause lies in the possibility that the wets at last will change the course of the argument from sentimental and moral grounds to economic grounds and actual costs in dollars and cents to the tax payer. They will say the objection will be from a moral viewpoint be open to serious question, in as much as travelers can get all the liquors they want in a few days at the port of arrival and that American ships will simply be made to lose trade for an abstract principle, while the American tax payers pay the bill. There's controversy enough in this question to keep both houses of Congress busy for weeks and if by choice the "wets" gain an advantage they will be encouraged to cry victory and push the fight for temperance as their next step. The President will probably keep out of the melee until Congress acts and if the majority favor the dry side he will sign the measure.

THIS LITTLE BABY GIRL

Was Benefited by the Good Her Mother Got from Lydia E. Pinkham's Vegetable Compound

Pittsburgh, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my little girl was born, and the effect it had was wonderful. This will be the first child I have nursed as I had to bring my two boys up on the bottle. I was very nervous and worried, tired all the time and after I read about the Vegetable Compound I tried it and kept on with it. I still continue its use and recommend it to my friends. You may publish these facts as a testimonial for your medicine."—Mrs. Wm. H. Kline, 169 Plymouth St., Pittsburgh, Pa.

It is remarkable how many cases have been reported similar to this one. Many mothers are left in a weakened and run-down condition after the birth of the child, and for such mothers the care of the baby is well-nigh impossible. Not only is it hard for the mother, but the child itself will indirectly suffer.

Lydia E. Pinkham's Vegetable Compound is an excellent tonic for the mother at this time. It is prepared from medicinal roots and herbs, and does not contain any harmful drugs.

STARTS FIRE ON LAND: GETS INTO COURT

For kindling a fire on his land without first securing a permit, James J. Meadows, of Candy Run, back of Lucasville, was summoned, before Justice of the Peace Robert Wheeler, Blue Run, Jefferson township, Wednesday, Assistant Forester B. E. Leete and Deputy Fire Warden B. Hill, caused Meadows to appear before the Justice for violating Section 11,771 of Laws of Ohio.

On April 20, Meadows fired a strawberry patch to clear the ground but the fire got beyond his control and burned about four acres of young timber on the farm of his neighbor, Morris. Meadows has arranged a settlement with Morris.

On being arraigned in court, Meadows entered a plea of guilty. On account of this being the first offense of the defendant, and the first case of that kind which had been tried in that locality, and on account of a recent misfortune of the defendant, Mr. Leete recommended extreme leniency. The court dismissed the case with a warning to Meadows and others in that locality to be more careful with fire and to observe the fire permit law. It is understood that there is a disposition in some quarters to disregard this requirement and all persons are warned against this unlawful practice. Violation of the permit law carries with it a maximum penalty of \$200 or six months imprisonment or both.

Moore and his brother Alfred, who live at Mechanicsburg, had been selling stock food in Clark county and stopped at barber shop in Springfield to get shaved. Two negroes had been quarreling in the shop and just as Thomas Moore who preceded his brother, opened the door of the shop and walked in, one of the negroes drew a revolver and started to shoot at his adversary.

The bullets went into the back of one of them, hit Mr. Moore, wounding him mortally. The accident happened at two o'clock in the afternoon. The wounded man was rushed to a hospital in Springfield where he died at midnight Monday. The funeral services were held Thursday afternoon at 1:00 o'clock at the late home at Mechanicsburg and burial made at the Mechanicsburg cemetery. Deceased is survived by his wife and one daughter, Irene, at home and two sisters, Mrs. Rose Southworth, of Piketon, and Mrs. Clara Crozier, of Bonville and four brothers, Alfred, of Mechanicsburg, Joseph, of Bloomsburg, George, of New Holland and John, of Givens Station. He was a son of the late Alfred Moore, former representative to the General Assembly from Pike county. The untimely death of Thomas Moore is the second death in the Moore family within the past two weeks. Given Moore a brother of the deceased having died about two weeks ago at his home at St. Louis, following a stroke of apoplexy which he suffered while at Oklahoma City. Mr. Moore was well known in Pike county and was formerly a resident of Pike-

ton.

Many matters of importance, including considerable legislation providing for street and alley improvements, were considered by Council at a rather busy session Wednesday night. President Albert Weghorst, presided and he presided over the proceedings with the result that the business was transacted in an expeditious manner. There were seven members present. Messrs. Charles Whitte and Walter L. Dickey being the only absentees.

Following a discussion of city finances by the mayor and his recommendation legislation was ordered providing for the repeal of the legislation passed last January authorizing a \$40,000 deficiency bond issue to take care of apparent deficiencies in the safety and service funds, when, as a matter of fact, he declared no real deficiency existed. The mayor submitted a report showing the condition of city finances.

A resolution was adopted authorizing the transfer of \$10,000 from the General to the Safety fund and a resolution was passed authorizing the giving of note in the sum of \$38,512.31 to provide funds in anticipation of the collection of assessments for the improvements of certain alleys.

Several articles of legislation were passed as the preliminary step to carry out the street and alley improvement this season. These measures were in the form of resolutions declaring it necessary to improve the following streets and alleys: Sterling street, Harrisonville to Valley; Summit street, Twenty-first to Twenty-second; Baird avenue, north of Twenty-first and Twenty-second streets; Albany street, between Second and Eighteenth; Grandview to High; Lawson and Monroe, from Gallia street south; between Third and Fourth; Gay to Shulton; south of New Fifth; east from Brown; first alley west of Washington; Fourth to Fifth; east of Court; Fourth to Fifth; Fourth and Fifth; from Washington to Court; Fourth and Fifth; Officers to York street; running east from Officers Third and Fourth.

Resolutions were also adopted, adopting the plans to three additions—Term Alta situated on the north side of Boulevard Road and 72 lots platted by W. G. Williams; Soloto View situated at Soloto Trail and Boulevard Road platted by Fred and Vida Ruhlman; and Matthews addition situated on Jackson street and platted by George J. Matthews.

Resolves Gets Building
A resolution was also adopted designating the property known as 718 Second street as a temporary place for the offices of the Bureau of Community Service, with certain restrictions, at an annual rental of \$1.

The proposal to sell the present fire station building at Franklin and Grant streets, located up again when the police fire and market committee recommended the sale and the construction of a department of a modern type on a corner of the Children's Home park grounds. The committee in making its report let it be known that the plan had met opposition from Simon Labold, who is interested in the park by reason of his \$25,000 donation for its purchase. It was stated that Mr. Labold is opposed to the plan of erecting the building on the park grounds and thinks it ought to remain as it is for park purposes only. The report was received and the matter was passed to the next caucus. When Mr. Labold and the Park Commission will be invited to be present.

Alan N. Jordan addressed council in respect to a project involving the establishment of a road and a secondary water main leading from the Boulevard, across the divide and down Scherer Hollow. He declared that the route was feasible and that it would provide an outlet to the north of the city. After considerable discussion, in which Mayor Gablerman, "Memphis" Knight, Westphal, Horst and Dierker, Fire Chief Leedom and others joined in, the matter was referred to the street committee and light and water committee for a report.

Visitation Committee Named
Calling attention to the resignation of George S. Wilhelm as city engineer, Mayor Gablerman in a communication to council pointed out that an estimate of the cost of work involving proposed improvements now under consideration is between \$750,000 and \$1,000,000 and that after conferring with many well informed persons upon the subject of municipal engineering, declared he had reached the conclusion that "the time is here for a radical change in the personnel of the city." He further stated that at the present time the expense of engineering is charged against the service fund and that the present budget calls for an outlay of approximately \$10,000 a year, adding that under existing conditions the service fund cannot bear an additional charge for this purpose.

The mayor then explained that in his investigation of the matter he had learned that the City of Cleveland has an engineering department second to none among the cities of the nation, and that the plan used there is practicable for a city the size of Portsmouth. On the Mayor's recommendation, Council authorized a committee composed of Mr. Westphal, chairman of the street committee, Mr. Horst, of the finance committee, and himself to visit Cleveland for the purpose of securing data for a recommendation to council upon the subject at the next regular meeting.

Want To Sell House
The Park Commission, in a letter addressed to council, sought permission to sell the frame house on the Children's Home lot; the money derived from its sale to be used by the Commission in improving the city's parks. Council ordered legislation in granting the request.

Estimates for water improvements for several additions in the vicinity of the Boulevard were referred to the Light and Water Committee for a report at the next caucus.

Series Of Big Plants May Go Up Near Franklin Furnace; More Options Taken

Speculation continues rife as to what purpose the optioned land between Franklin Furnace and Haverhill will be used.

The Ironton Register Wednesday said:

Investigation of property near Haverhill and Franklin Furnace continues. There have been representatives of the Kelley Axe company, of Charleston, W. Va., the Youngstown Sheet & Tube plant, at Youngstown, Ohio, and Detroit financiers on the ground at various times. It is said that the General Electric company, of Pittsburgh, has also had its representatives in the field. More than 2,000 acres of land has been optioned and a great plant or series of plants is to be constructed and a model city built. Many new options have been secured. The Kelley Axe is quite a large plant but unless it intends to surpass greatly its present plant at Charleston, it alone would not need the amount of territory secured. A branch of the Youngstown Sheet and Tube plant would be sufficient to take the optioned space and because there have been three representatives of that company rather diligently at work in the Franklin Furnace region within the past several weeks, it is believed that that is one of the most likely concerns for the sites optioned.

It has been reported for some time that the General Electric Company has been seeking a site in the Ohio Valley, and a plant of that company may be located in this region regardless of the development on the Haverhill tract under option.

Various big industrial concerns have been making inquiries of certain men who are in touch with in-

STOP! STOP!

These are the traffic signs that city people heed. If they did not, there would be many accidents; but warnings are there and the crowd passes over safely.

Physical warnings to stop, head, are just as useful. Pain is always a warning—backache, dizziness, headache, all indicate disordered kidneys or liver.

Backache And Kidney Disorder

Simple methods are usually the most effective. The mere drinking a cup of hot water, each morning, and taking "Anuric" (anti-uric-acid) before every meal has been found the most effective means of overcoming kidney trouble.

Backache would occur if the kidneys did not work day and night in separating poisons and uric acid from the blood.

The danger signals are backache, depression, aches, pains, heaviness, drowsiness, irritability, headaches, chilliness, rheumatic twinges, swollen joints, gout.

Anuric is just the thing to relieve these symptoms by driving out the excess of uric acid which poisons the system, and causes the conditions.

Cincinnati, Ohio — "I had been a great sufferer from backache and kidney trouble. My work is pretty hard on the back and I got so bad that I could hardly bend over or straighten myself up to do my job and it was an effort to get up in the morning. I was in such a state that I was willing to try anything, and did try many things. I heard of Dr. Pierce's Anuric (kidney and backache) Tablets at last and tried them. The result today last is 'Anuric' was the last I needed for two bottles have taken the pain and kink out of me. I want to say 'Anuric' has them all beat!" — Albert Johns, 1839 Eastern Avenue.

Step into your drug store and obtain "Anuric" (anti-uric-acid) Tablets first discovered by Dr. Pierce, of the "Invalids" Hotel in Buffalo, N. Y. or send Dr. Pierce 10 cents for trial package Anuric.

Miss Margaret Frantz, whose marriage to Mr. William Dadoosky of Bluefield, W. Va., will take place next Tuesday morning in St. Mary's Church, was honored with a pre-nuptial shower of beautiful handkerchiefs on Wednesday evening, when Mrs. R. C. Spangler and Miss Hilda Montavon entertained the D. C. K. Club girls in their home, 1726 Jackson Avenue. Pink and white flowers were used in decorating the rooms, and later in the evening a pink and white luncheon was served, the favors being tiny bridal baskets of candies. Little Robert Montavon, brother of the hostesses presented the bride-to-be with a beautiful basket of handkerchiefs.

After the shower the remainder of the evening was spent in playing Five Hundred, with prizes for high and low scores going to Miss Mary Frantz and Miss Genevieve Thoman. Guests for the evening were: Mrs. Harold Eynon, Mrs. Lena Wilson, Mrs. Joseph Frantz, Mrs. Helen Chapman, Mrs. Frank Montavon and Miss Mary Frantz, while the members present were: Mrs. A. C. Remove Hairy Growths Without Pain or Bother

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths, for with a little delatone handy you can keep the skin entirely free from these beauty destroyers. To remove hair, make a stiff paste with a little powdered delatone and water. Spread this on the hairy spot and let it stand 2 minutes. Then wash the skin and the hairs are gone. To guard against disappointment, be careful to get real delatone. Mix fresh as wanted. Advertisement.

WHAT'S RIGHT WE DO

"You Can Easily Remove and Prevent Blackheads," Says Rubinstein

By Mrs. Helen Rubinstein, Cosmetics Editor, Beauty Expert (Copyright 1933, N.E.A. Service, Inc.)

In every country where I am called upon to help women solve the problem of "good looks," I find across all frontiers, skin conditions, but there is one trouble that persists in spite of all varieties of "make-up." I refer to blackheads.

Not out of every ten women are vexed by these horrid little "black pests" as the French call them that grow on the face.

RUBINSTEIN only make the skin dull and muddy looking, but often lead to the dreaded pimples and spots called acne.

A blackhead is a tiny dust particle that embeds itself in the skin held there by the natural secretion of the skin. The pores, unable to rid themselves of these irritants, send out a call for help to the little force-seeking glands which respond by pushing their secretion to the affected parts. If the pores are still unable to dislodge the impure dust particles the secretions overflow onto the skin's surface and all the while the pores are stretching and losing their power to close.

That is why we seldom see blackheads without "shine" and enlarged pores.

The chief thing to be considered is how to purify the skin, reduce the pores to normal and regulate the secretions.

The opening and closing of the pores properly is the keynote of correction. To eradicate blackheads you must penetrate inside the pores where the black speck has made its nest. At home and as the blackhead becomes smaller and weaker through treatment, close the pores so that no fresh invasion of dust particles and microbes can upset the skin.

Strong soaps are injurious because they dry the surface, thus causing wrinkles and lines without reaching the inner cells. I advise a special wash of gritty texture for the thick, sluggish skin and a softer paste of equally cleansing strength for the thinner and more delicate skin.

When the skin is thus cleansed, any preparation which follows will be unimpeded in its action.

In the daytime, use an astringent after washing and use this at intervals during the day in preference to both water and cleansing cream. At night after washing and before put-

ting on an astringent, put a small quantity of stimulating, nourishing cream on cotton that has been soaked in hot water and wring dry, then rub the skin with this until your face flushes. This will help you immeasurably, as nothing overcomes blackheads as increased functioning of a skin that has become clogged owing to their presence.

Facts About Child-Birth

A competent physician has shown to thousands of expectant mothers just how to be free from dread and from much of the suffering which many mothers experience for months, right up to the moment when the little one arrives.

Mrs. Wm. Washington, 107 Lewis Ave., Nashville, Tenn., says: "There is positively no woman so much that would be without 'Mother's Friend' during pregnancy if she only knew the value of comfort."

"Mother's Friend" is extensively applied to the tension of the abdomen, back and hips. It relieves the tension on nerves and ligaments so much, follows so much. Finally, it makes child-birth a joy instead of a painful drama.

The "Mother's Friend" is over mothers and grandmothers old. Don't wait, start today, and meanwhile write to Dr. H. H. Rogers, Co., P.O. Box 47, Atlanta, Ga., for a free wonderful book containing information every expectant mother should have. Get a bottle of "Mother's Friend" today. It is sold by all druggists—everywhere.

to serve the graduate's writing needs for life

Eversharp matched by Wahl Pen is a complete and perfect writing service that will last the graduate for life.

Eversharp was the pioneer mechanical pencil—the first successful one. And Eversharp can't be copied. Eversharp lead never slips or wobbles—it can't. The exclusive fitted tip holds it firm. And when you wish to know how much lead you have left, the automatic index tells you.

In gold or silver, Wahl Pen matches Eversharp in beauty of design and in improved construction. The barrel of the Wahl Pen is all metal. It cannot crack. It holds more ink. The metal screw threads cannot wear down.

In both Eversharp and Wahl Pen, you find a nicety of balance that suits the hand perfectly. Buy both in the velvet lined gift box. At your dealer's. Eversharp, \$1 to \$10—Wahl Pen, \$4 to \$10. Solid gold at higher prices. Look for the name on each.

Husband Tries To Arouse Wife From Dream; Finds She Has Passed Away

While in the arms of her husband, who was endeavoring to arouse her from what he thought was a dream, Mrs. Nellie N. Harmon, wife of Ross N. Harmon, 1624 Mount street, died suddenly about 4:30 o'clock this morning.

While Mr. Harmon was trying to awaken his wife, her body suddenly relaxed and upon closer examination he found that the spark of life had fled.

Coroner Virgil Fowler, who was called, found death due to natural causes after a long illness of eight days.

Mr. Harmon and his wife awakened at 4:10 this morning, and as it was earlier than the usual time for arising he went back to sleep only to be awakened about twenty minutes later by his wife, who was probably fighting death, but whom he thought was dreaming. He took hold of her and was trying to arouse her when she passed away.

Mrs. Harmon had been suffering with colic over a year, and last winter underwent two operations in Grant hospital, Columbus, these operations being preliminary to the major operation she was to have undergone this time for the removal of the colic. Since the minor operations she had appeared better than usual and it was thought that she was getting along nicely. She appeared in her usual good health yesterday.

The deceased was born in Stark county, near Canton, and had she lived until May 31, she would have been 38 years of age. Most of her life was spent in and near Canton. She was married there to Ross N. Harmon and ten years ago the family moved to Portsmouth.

Besides the husband, four children: Gladys, Floyd, William and Thelma, survive. She also leaves her mother, Mrs. Sarah Shepley of Canton; a sister, Mrs. William Kell, and two brothers, Howard and Charles Shepley, of Canton.

Mrs. Harmon was a home loving woman and was happiest when surrounded by her loved ones. Her willingness to assist and lend helping hands to those less fortunate than she, endeared her to many and she had a legion of friends who will be shocked to learn of her sudden death.

She was of the Methodist faith, but had not united with a local church. Her life was one of Christian faith throughout. The remains will be laid to rest in a Canton cemetery.

JACK DAW'S ADVENTURE

A black and white illustration of a black cat jumping over a fence. The cat is in mid-air, with its front paws extended and its back legs pushing off the ground. The fence is made of vertical wooden posts and horizontal rails. The background shows a simple landscape with a hill and some foliage.

Jack was not so sure of his footing as he stepped onto the log. The log started to move, and he fell off. He then tried to step onto another log, but it also started to move, and he fell off again. He was now lying on the ice, and he was looking up at the sky with a worried expression.

TWO MEN HURT

WELLSTON, O., May 3.—Two accidents occurred at the Lawler No. 1 mine, at Clarion, within less than five minutes of each other and about fifty yards apart just before the noon hour and two workmen were injured.

The first accident was that of Lewis Thacker. Thacker was loading a mine machine into a car when the machine swung around catching his right leg. Just above the ankle badly mangled it. As he was being loaded into the machine of Superintendent George Steele, the other accident occurred to Stanley Thacker. The latter was placing a motor on the track with a lifting jack when the lever of the jack caught his left hand almost cutting one finger off and painfully crushing three other fingers.

A place in the rear of the roadster was made for Stanley and Sup't Steele, brought both hurriedly to the office of Dr. C. A. Scribner where the injuries were dressed.

Fox Hunt One Of The Many Features In Hagenbeck-Wallace Circus Here Friday

An English fox hunt, in which a score of hunters and huntresses, two packs of Walker hounds, and prize-winning Kentucky thoroughbreds will participate is one of the new features of the Carl Hagenbeck-Wallace Circus, which will pitch its tent on the circus grounds on Seventeenth street Friday, May 4, and will give an afternoon and night exhibition, as well as a mile long street parade in the morning.

No other circus has ever attempted the staging of a fox hunt, and success was only attained after weeks of training and work. It was not a great effort to get the dogs to follow the scent of the six trained foxes, but keeping them on the hippodrome track and away from the feet of the horses, required great efforts by the trainers. The horses are perfectly

trained hunters and jumpers, and at the conclusion of the chase engage in high jumping contests.

In "Porter," "Maid-of-the-Mist" and "Atta Boy," the management claims to have three of the champion jumpers of the universe. "Porter" clears the bars at over 7 feet in a liberty jump, while "Maid-of-the-Mist" with rider, is but an inch under this height. "Atta Boy's" specialty is broad jumping, and as yet he has not reached his limit.

The equestrian feats are also said to be the best ever offered by any circus. Orrin Davenport, the highest salaried riding clown in the business and his trio of women riders, Victoria Bedini, Lula Davenport and Bessie Castello occupy the center ring, while the Grandalls' European equestrians

and Lowande and LeDoux, French riders work in the end rings. Everything new in riding are offered by these three combinations, and their work has excited much comment throughout the country.

Finds K. Of C. Lodge In Fine Shape

T. T. McGahan, Supreme Agent of the Knights of Columbus, who was in the city yesterday for the purpose of making the annual inspection of Portsmouth Council, 741, was the principal speaker at a meeting at the K. of C. Club last night. At inspection he found everything in fine shape and complimented the local council.

An invitation to the initiation at Jackson Sunday was received from Rev. Father Kessler, who stated that arrangements had been made to accommodate a large number of visiting Knights. About 75 members of Portsmouth Council are expected to make the trip by motor.

any last night and it was announced that an address would be made by Vallee Harold at the meeting next Monday night.

K. OF C's. HOLD BIG MEETING IN CHILLICOTHE; INITIATION AT JACKSON

The Chillicothe News-Advertiser says:

Three hundred Knights of Columbus from Chillicothe, Jackson and Portsmouth gathered here to meet a national officer, J. J. McGahan, Cleveland, Mr. McGahan is national auditor of the order.

The celebration, held at the hall of Flagg Council No. 1071, Howson block, was also the occasion for the presentation to the local council of a portrait of Lt. William Fitzsimmons, first American soldier killed in battle in the World War and a member of Kansas City Council of the Knights of Columbus.

District Deputy John Russell of Portsmouth made the presentation on behalf of the supreme board of directors. Deputy Russell also gave to the council a painting of a chaplain administering the sacrament to a dying soldier under shell fire. The painting is accompanied by a fitting poem. Grand Knight D. D. Dahl of the local council made the speech of acceptance.

The delegation from Jackson was

headed by Rev. Father Kessler and composed of James L. Ludden, J. H. Clark, M. J. Smith, W. A. Clark and James V. Saver. In the Portsmouth delegation were J. J. Brushart, L. J. Wagner, Chris. Wagner, Charles Flynn and Deputy Russell.

Rev. Father Kessler made an address, extending an invitation to every member of the local council to attend an initiation to be held at Jackson next Sunday.

The program begins at 8 a. m. at the Knights of Columbus hall. At 9 a. m. the first degree will be administered to candidates by Flagg Council. At 10:15 a. m. the Knights will march to Holy Trinity church for Mass. Dinner will be served by the ladies of the Altar Society at the Rink.

At 1 p. m. candidates will again assemble at the K. of C. hall where at 1:30 p. m. the second degree will be conferred by the Portsmouth Council. At 3 p. m. the third degree will be given by Brother Edward T. Gorman and staff from the Cincinnati council. This will be followed by a banquet at the Rink.

Mr. Harold Talks To Exchangeites About Recent Trip To South America

The local Exchange Club was in delved last evening to Mr. Vallee Harold for a most entertaining talk in which he gave the "high lights" of his experiences and impressions during his recent trip to Cuba, Panama, Venezuela, Isle of Trinidad, The Bermudas and back to New York.

Mr. Harold took his audience along with him from the time he and his local companions, George A. Goodman and Harry E. Taylor, sailed from New York, through a most interesting voyage. His praise of the architecture of some of the cities he visited, of the good roads upon which he traveled when ashore at many of the ports, of the manner in which laws were respected, etc., brought new conceptions of these "foreign" spots to many of his listeners.

Likewise the description of the lack of self-respect on the part of most of the natives of the islands he visited, the persistency and numbers of the beggars, etc., aroused thoughts as to the manner in which those countries are governed, and surely the good, old United States did not suffer in comparison with the places which Mr. Harold visited.

The only regret expressed by the members of the club was that Mr. Harold's time was limited, as his talk was not only entertaining, but instructive as well.

President Russell K. McCurdy presided at the business meeting of the club, and Ralph Legler introduced Mr. Harold as the speaker of the evening.

It was announced during the evening that Congressman Knight, of Akron, editor of the Akron-Beacon-Republican and an orator of national reputation, would address the local club on the evening of June 27, he having accepted a recent invitation

Twenty-four Years Ago

While the B. & O. accommodation was bowling along at good speed between this city and Hamden, Engineer Charles Butt had occasion to sneeze, with the result that his false teeth flew out the open cab window. The train was quickly stopped and after several minutes' search of the greenward, in which the crew and passengers joined, the store-motors were recovered and the train then resumed its journey.

A serious cutting affair occurred at a church on Rocky Fork of Brush Creek, near Otway, when Grant Chapman was slashed with a knife by Oliver Pratt. The trouble which occurred at a prayer meeting, grew out of an old grudge.

Judge W. H. Middleton, of Waynesville, occupied the bench in the trial of a case in common pleas court.

Ex-City Clerk James Adams left for Ashland to resume his former position as superintendent of the Kentucky Fire Brick Co.

County School Examiners granted twenty-seven certificates to teachers out of eighty-two applicants.

Funeral Friday

Funeral services for Edward E. Lucas, colored, who died at his home 1103 Findlay Street Tuesday night as the result of pneumonia, will be held tomorrow afternoon at two o'clock from the Reuland Baptist church, Union Street, with Rev. J. H. Smith in charge. Interment in Greenlawn.

FASHIONABLE SLEEVES

The circular cuffs which have been effectively used on this season's sleeves are multiplying and frequently one sees four or five where one used to grow. Indications are that sleeves of full are to be extremely elaborate.

MRS. MARY A. TILLOTSON, COLUMBUS, O.

Recovers from Long Illness Due to Stomach Trouble and Rheumatism by Taking Ka-di-ok.

"I hardly believe I would be alive today if it was not for Ka-di-ok. It has practically given me a new lease of life," says Mrs. Mary A. Tillotson, a well-known Columbus woman, residing at 43 E. Livingston Avenue, to the Ka-di-ok expert a few days ago. Further continuing, Mrs. Tillotson said: "For over a year I was laid up with stomach trouble and rheumatism, and for several months lived scarcely on a milk and bread-and-milk diet, as I could not keep anything down on my stomach; I was in such a bad condition that I could scarcely walk across the room. Sometimes there would be large knots in my limbs, caused by rheumatism, which caused the intense pain and suffering. I had no idea of getting better, but acting on the advice of a friend I was induced to start taking Ka-di-ok. It was certainly a wonderful thing for me when I did so. After a few days treatment I am now able to eat any food that appeals to me and have no distress afterwards. I am now doing my housework, I recently walked several blocks, something I have not been able to do in months, as I have been practically bed-ridden. Ka-di-ok is the best remedy in the world and has made me feel like a new woman."

Ka-di-ok can be obtained in Portsmouth at Fisher & Streich's Drug Store.—Advertisement—

Market News

New York Stocks

NEW YORK, May 3.—Conflicting price movement took place at the opening of today's stock market with most of the afternoon's trading confined largely to minor specialties. In the equipment, American Locomotive advanced a point and Lima half a point, while Baldwin yielded slightly. Colman, Cane Sugar, preferred and Cuban American were heavy. Pinta Alegre advanced nearly a point. United Railways investment preferred, Famous Players, 1700 Pacific and Dupont advanced 1 to 1 1/2 points.

A good demand was noted in the initial dealings for the independent steel, public utilities, motor, oil and rail shares, but the gains were of a moderate nature. Brooklyn Edison, Stewart-Warner and Kinney Tobacco advanced 1 to 1 1/2 points. Remington Typewriter, oil a point, was the only conspicuous weak spot. Another cut in Pennsylvania crude oil prices without effect on the oil shares in the early trading. The feature of the foreign exchange market was an overall break of 4 1/2 points in German marks, which dropped to .0025 cents or .0002 to the American dollar. Demand sterling eased slightly to 4 1/2 points to 0.20 cents.

Early gains ranged from 1 to 4 points but the rally was not maintained. Sluggishness of U. S. Steel common and leaders of Baldwin brought about operations for the decline in other quarters, a number of specialties, including American Hide and Leather preferred, National Lead and Onyx Hosiery dropping to new low prices for the year. Around noon when the liquidation of these specialties apparently had been completed the market became steadier. Dupont and Pierce Arrow preferred were checked about four points. American Express, Stewart-Warner and Bosch Magneto also made good recoveries from recent heaviness. Call money opened at 4 1/2 per cent.

Stock prices again crumbled sharply in today's market in response to concerted bear attacks. Heavy liquidation of the equipments and sugars extended to the rest of the list, the violence of the decline forcing off a number of stop orders. French relation of the German newspapers plan private Albany dispatches forecasting the passage of the "dollar gas" bill and additional cuts in crude oil and sugar prices furnished the short interest with ammunition for their campaign.

Sales approximated 1,000,000 shares. The closing was weak.

Chicago Grain and Provisions

CHICAGO, May 3.—With freezing temperature in Canada and with rainy and other unfavorable conditions for the domestic spring crop, wheat prices took an upward swing in the early dealings. At first the market here reflected a setback in Liverpool quotations. The Liverpool decline was ascribed to prospects of enlarged shipments from Argentina. Chicago, oatmeal prices which varied from unchanged figures to half cent lower, with July 1 1/2 to 1 1/4 and September 1 1/4 to 1 1/2 were followed by a slight general setback and then a rise to well above recent finish. Corn and oats varied in line with wheat. After opening 1/4 to 1/2 lower, July 1 1/2 to 1 1/4, the corn market declined a little more and then scored slight gains.

The market closed unsettled at the same as yesterday's finish to 3/4 lower with July 1 1/4 to 1 1/2 and Sept. 1 1/2 to 1 1/4.

Oats started 1/4 to 1/2 off, July 4 1/4 and later showed something of an advance.

Statements showing that western stocks of meats are the largest in many years had a bearish effect on the provision market.

The market closed weak, 1/4 to 1/2 off, net lower, July 5 1/4 to 5 1/2.

Odd Fellows Celebrate Anniversary

An address by Rev. G. Mouton, Howerton, who spoke on the good work of the order, featured the 104th anniversary celebration held by the I. O. O. F. last night when a goodly number filled the Odd Fellows' hall, Fifth and Court streets, to help Scoto Lodge No. 31 fittingly celebrate the anniversary. More than 200 Odd Fellows, their families and friends, were in attendance and enjoyed the splendid program. It was 104 years ago that the first I. O. O. F. lodge was established in this county.

Rev. Howerton spoke on the progress made by the organization, and the many things it had accomplished for the benefit of its members, widows and orphans.

The remainder of the program, in addition to Rev. Howerton's address, was as follows:

Remarks—John R. Lynn, Master of Ceremonies.

Music—Journey's orchestra.

Selections—Odd Fellows Quartet: W. R. Singer, George Thomas, Floyd Rice and W. R. Kennedy.

Selections—Journey's orchestra: Humorous Playlet—"On a Train," Miss Norma Hart and six children.

Selection—"When the Leaves Come Tumbling Down," Odd Fellows Quartet.

Solo—Miss Thelma Kidd, accompanied at the piano by Mrs. J. A. McCormick.

After the entertainment refreshments of ice cream and cake were served. Dancing was then enjoyed until a late hour, with Journey's Orchestra furnishing the music.

The Committee on Arrangements for the celebration included: J. E. Daniels, J. B. Craig, John Buckley, Charles L. Rice, Charles Widdig, Frank Gulek and Ernest White.

Will Contribute To U. S. A. Memorial

Scoto county's school pupils will be given the opportunity of contributing to America's War memorial to be erected in Belgium, the University of Louisville Memorial Library.

The magnificent memorial, which will cost \$1,000,000, replaces the old Louisville Library, destroyed in 1914. Its great bell-tower will rise high over the surrounding countryside as a visible sign that America has not forgotten her boys who served and her boys who died. From the bells in this tower the "Star-Spangled Banner" will ring out each day. The halls where students of all the nations of Europe will study will be embossed with the seals and insignia of the organizations that give to the memorial fund, and the museum will contain lists of those in whose name contributions are made.

May 7 to 14 for the observance of Lounain Week and has authorized libraries, schools and colleges to accept contributions for the memorial.

INEXPENSIVE METHOD OF REDUCING DANGEROUS SWOLLEN VEINS AT HOME

**Doctor's Recent Discovery, Also
Heals Ulcers, Bolls, Carbuncles,
Abscesses and Open Sores in
a Few Days.**

The world progresses. Today ailments that took weeks to cure can now be ended in a few days. If you have varicose veins or bunions you can start this today to bring them back to normal—safe, and if you are wise you will do so.

Just get an original bottle of Moore's Emerald Oil at any dispensing pharmacy and apply it night and morning to the enlarged veins. It is very powerful and penetrating and only a little is required.

After a few days' treatment the veins will begin to grow smaller and normal.

Moore's Emerald Oil besides being one of the most powerful of antiseptics capable of destroying the most perilous germs and the poisons caused by them, is also a marvelous healing agent.

One application for instance stops the itching of eczema, and a few applications causes the eruptions to dry up, scale off and completely disappear. It is equally as effective in barbers' itch, salt rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, warts or get rid of eczema, ulcers, bolls, abscesses or piles in a few days should not hesitate to get a bottle at once—it is so powerful that a small bottle lasts a long time. Any pharmacy can supply you.

Barge Canal Engineers Are Working Near Chillicothe

CHILICOTHE, May 3.—It will be a great thing for this community, said S. S. Sloan, U. S. Engineer, discussing the proposed Portsmouth-Sandusky barge canal, "Wednesday, 'I only wish Cincinnati could get it'."

Mr. Sloan, who arrived here Tuesday to begin the Ross county topographical survey for the canal, uttered the last with a feeling of patriotism, he being a Cincinnati.

While the government has not decided whether the Cincinnati, Marietta, or Portsmouth route between Ohio and Lake Erie will be the best, Mr. Sloan's utterance coupled with previous statements made by others, seems to indicate that the Portsmouth-Sandusky route is the favored one.

Mr. Sloan, who has established headquarters in Chillicothe, will have charge of the "working party" for the survey which follows the "reconnoitering party" which arrived here about three weeks ago and is still at work in the county. His work begins Friday.

The survey starts at a point where the Scioto river crosses the Pike-Ross boundary out of Pee-Dee township in Pike and follows the river north to where it crosses the Pike-Wyandot boundary in Wyandot township.

The work of the Ross county section of the survey will include plans for eliminating two short bends, one in Jefferson township near Hager and one in Union township, by artificial channels, the construction of five locks, the deepening of the channel at various places and the construction of dikes to maintain a uniform water level and prevent overflow. A uniform depth of twelve feet will be maintained.

The channel will have a 110 foot water way. The route will follow the Scioto river through Scioto, Pike, Ross, Pickaway and Franklin counties and go over the divide east of Marion by an artificial channel to the Sandusky river in Wyandot county. The Sandusky river will then be prepared as the Scioto to carry canal boats to the lake.

RIVER NEWS

The Ohio river registered a stage of 15.8 feet in the Portsmouth district Thursday morning when the stream continued to drop back.

Boat movements Thursday: Tom Green up at 10 a. m. bound for Charleston; Andes down at 4 p. m. for Cincinnati; and General Crowder is due up at 8 p. m. for Pittsburgh.

Awarded Letters

P. H. S. boys and girls who won their letters in basketball this past season, received them yesterday. Coach Harry Wagner presenting them to the boys, while Coach Charlotte Boll made the presentations to the girls.

Captain Willard Ellsesser, Ralph Monk, Walter Doll, Donald Phillips, Clarence Flowers, Carson Barklow and Manager Thomas Brock received letters. The girls honored were Captain Margaret Armstrong, Thelma Dopes, Mary Louise Seely, Helen Hopkins and Frances Phillips.

Wellston Eagles To Build

WELLSTON, May 3.—Charles W. Haslett was re-elected worthy President of Wellston Aerie No. 687, Fraternal Order of Eagles, at the annual election last evening, and a building committee was appointed to erect a new home.

There was a very large attendance of brethren present and participating in the election, the membership of the order having passed the seven hundred mark.

Peter Kule was elected worthy vice-president, Robert Porter, secretary, treasurer, William McLaughlin, inside guard, and Cornelius Coyler, outside guard; trustees—Gould James, Art Leach and George Abele (holder).

Mr. Porter succeeds Howard Collins, who has made a fine record as secretary, but did not stand for re-election.

The matter of a new building to be erected on the site of the one destroyed by fire was taken up and discussed at length, and there was unanimous decision to erect a commodious home that will not only afford every convenience and facility for the growing order but be an ornament to the city.

SAFETY FIRST

Some of the newest earrings are so large and heavy that it would be quite perilous to wear them hanging from the ears for any length of time, so they are worn on a band which goes low over the forehead and over a part of the ears.

New Way To End Under-arm Perspiration

Beauty experts and health authorities advise care in the selection of perspiration preventives. Many commercial preparations contain powerful chemicals and harsh astringents which are injurious to the skin and clothing.

Lainy women have found that the best thing to use is Nul, a new discovery of a famous Chicago laboratory. Nul is absolutely pure and is guaranteed to be harmless to both skin and clothing. As a matter of fact, it leaves the most sensitive skin soft, cool, smooth and white no matter how often it is used.

It destroys every trace of perspiration moisture and odor and leaves the underarms sweet, clean and dry. It dries so quickly you can use it whenever you want to—on a moment's notice, if necessary. No after treatments are necessary because Nul contains its own soothing cream and dainty talc.

You can get Nul at any drug store. It is very inexpensive and a few ounces will last for months. If you want to put an end to all perspiration troubles, be sure your druggist gives you Nul.—Advertisement.

Minstrel King, John Vogel Fined; Beer And Home Brew Found At His Cottage

LANCASTER, O., May 3.—John W. Vogel, "minstrel king," was fined \$200 and costs by Mayor Roy Shide of Pleasantville, following the discovery by prohibition agents of four cases of home brew and 10 gallons of beer in his cottage at Buckeye Lake.

Vogel is well known in Portsmouth where his minstrel company has appeared many times.

Nagel And Craigmyle Reappointed

Joseph Craigmyle, Republican, of this city, and K. N. Nagel, Democrat, of Sciotoville, have been re-appointed as members of the Scioto County Deputy State Supervisors of Elections, by Secretary of State Thad H. Brown, to succeed themselves. The appointments are for two years beginning May 1, 1923 and ending May 1, 1925.

The other members of the board are John Eldgenoss, Democrat, and J. N. Harness, Republican. J. F. Johnley is chief clerk, and Seymour Bein, assistant clerk.

Excelsior Employees Granted Increase

A fifteen per cent raise in wages has been announced by officials of the Excelsior Shoe Company. The increase will be effective beginning May 8.

The raise will affect salaried employees and piece workers. The announcement states, and will be general throughout the plant.

Property Repainted

A force of painters is repainting the Labold property on Chillicothe street.

Auto On Fire

While workmen were engaged in repairing an automobile at the Elbert Auto Sheet Metal Works, Eleventh and Lincoln streets, shortly after eight o'clock this morning, the machine took fire and responding to a hurry call the companies from two fire stations quickly suppressed the flames. The machine was only slightly damaged.

How To Bathe Face To Remove Wrinkles

Since its remarkable attainment of toxic properties became known, women all over the country have been using the "soakie" face bath to "take up" their face, remove wrinkles, and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much finer. The skin tightens evenly all over the face, thus reducing lines and sagging. The formula is: Powdered laxative, one ounce, dissolved in which basil, one-half pint. These ingredients are of course perfectly harmless, and there is no difficulty in obtaining them at any drug store or toilet counter.—Advertisement.

Earl Smith On Third

Earl Smith, Portsmouth boy, who is alternating at third base and in the outfield for the Minneapolis team, is up to his old tricks. Tuesday he slammed out his second home run of the season and his electric blow helped him team to victory over Milwaukee.

Earl is going along at a great clip, both in the field and at bat, this spring and right now is regarded as one of the stars on the American Association circuit.

Ex-Congressman, Now A Detective, Arrested

WASHINGTON, May 3.—(By the United Press.)—Maurice Herrick, former congressman from Oklahoma, arrested despite the fact that he is now a detective, Herrick was to have a hearing today on charges of disorderly conduct following his arrest on a down town street corner on complaint of a young woman that he was annoying her. Police found on him a book containing names and addresses of a number of women and a bottle of highly scented perfume. Herrick told them he was a detective employed by private agency here.

FUTTING STAGED IN Ironton

The Ironton Register says: "Word from the Denegence Hospital is to the effect that John Day, soft drink stand proprietor, who was cut in a fight with Ira Gilmore, was in a serious condition. Complications from internal bleeding are feared and death from his injury is not at all probable. Day weighs 240 pounds and is an exceptionally strong man. His adversary of Tuesday night is a very young man and not much more than half the weight of Day. Young Gilmore has been in the U. S. Army for some time and has not been at home very long."

"You ain't thinkin' of leavin' here for good, are you?" Buck demanded.

"I ain't goin' to leave," Buck answered. "There's no use leavin' this place. I been sweet on you ever since I first clamped my eyes on you. You know it too, and you know it too."

"I like a woman with some nerve enough to match my own. That's why I'm strong for you. I swore I'd get you some day, and I'm going to make good. I didn't bring your kid brother here for nothin'."

"Stop—stop, please," Mercedes begged.

"Her nearness to him drove Buck mad with desire. She was even more lovely than he had supposed."

"Why, Mercedes, he said fervently, 'there ain't a thing I've got I wouldn't give for you. I got water on this place again. It's worth somethin' now. But I ain't a rancher. I'd throw up this thing in a minute for you. There ain't no real money in ranching, nothin'."

"You mean that you want me to go with you?" Mercedes could not believe her ears.

"Yes, I'll even marry you, if you'll come with me," Buck replied.

"The girl before him shook her head hopelessly. The man must be mad."

"Well, what do you say?" he demanded.

"I say no!" Mercedes cried. "She put a chair between them as Buck advanced toward her. The look in his eyes was proof enough of his intention. He wanted to take her in his arms and feel her warm flesh against his whether she would have it or not."

"You have trapped me!" she exclaimed. "I do not believe my brother is here at all."

"He's here all right," Bodine assured her. "Her, Shorty," he called.

"Yes," came the muffled answer from the next room.

"Wake that kid up!"

The girl heard Basilio's startled cry as Shorty came shrieking.

"Let me have him! Let me have him!"

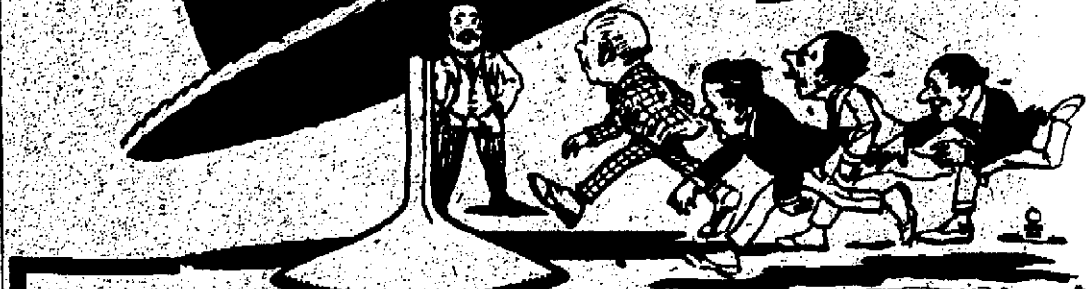

"Not till you say yes to me, Sekorita!"

"You coward! No wonder you want to run away. Senor Acklin will send you to prison for blowing up his dam."

"Yes!" Buck questioned expectantly. "Basilio will go with me, won't he?" "You followed us into the hills this afternoon. I knew that long ago. What else you've found out, I don't know and I don't care. I disapproved this last statement by immediately asking."

"Have you seen Acklin?"

Three Deaths In Same House In Lakeside

Death three times within six hours Wednesday entered the same house in Lakeside, east of New Boston, where the families of Mr. and Mrs. Fred Wilburn and Mr. and Mrs. L. W. Berens reside, two children of Mr. and Mrs. Wilburn and one child of Mr. and Mrs. Berens being removed to the world beyond. Deaths were due to measles followed by pneumonia.

The Wilburns only had the two children.

The first death was at 4:10 a. m. when Anne Frederick Wilburn, three months old, passed away. Then at 9:30 the Death Angel returned and took away the son of John Amos Berens, eight months old. Forty minutes later, or at 10:10, the third child, Lucy Wilburn, sister of the first one, claimed, unwepted the final summons. She was two years old April 1st.

The one house is occupied by fourteen persons, the grandparents, Mr. and Mrs. Adam Wilburn and Mr. and Mrs. John Berens with two other grandchildren also living in the house besides Mr. and Mrs. Wilburn and Mr. and Mrs. Berens and their children.

The majority of them have had the measles during the last two months and Mrs. Berens is just recovering from an attack. Edna Marie Berens, sister of John Amos Berens, has also recovered.

The Wilburn and Berens children were double cousins. Mr. Wilburn and Mrs. Berens being brother and sister, and Mr. Berens and Mrs. Wilburn being brother and sister.

The families moved to Lakeside March 16 from Lewis county, Ky., the men taking employment at the new Boston industrial plants. They are well known in Lewis county. Triple funeral services were held Thursday afternoon at 1:30 o'clock from the home with Rev. Pearl Hughes of the Immanuel Baptist church, in charge. Burial was in School Land Hollow cemetery.

SCOTOVILLE THEATRE WILL BE A BEAUTY WHEN IMPROVEMENTS ARE DONE

With the remodeling of the Scotoville moving picture theatre, completed, that suburb will possess one of the most attractive picture play theatres for its size in this part of the state and it will be one that any village many times the size of Scotoville would be glad to have in its midst.

General contractor W. E. Carson is making splendid headway with the remodeling work, the old theatre being revamped from wall to wall and floor to roof. When the improvements are completed, the theatre will have the appearance of an entirely new picture house. The new front is to be of stone and brick. The walls and stage setting will be redecorated with ornamental art plaster by experts from Cincinnati. New curtains and drapes will add beauty to the stage setting. The latest lighting

system for theatres will be installed along with an addition to the heating system and changes in the vaulting system. A new screen will be installed, new machine booth built and two of the latest motor generator moving picture machines, justified. Over 100 more seats will be placed giving the theatre a seating capacity of 385. The walls and floor are about the only parts of the old theatre structure being used in the remodeling of the theatre.

The owners of the theatre are Simon Labold, Dan Conroy and George E. Curlye. The theatre will be under the management of Fred Beloit who has conducted the theatre in the past. It will be first class in every respect and the suburb will be given first class photoplays in a theatre second to none for its size in this section.

BOHNE MAKES WILD PEG; CUBS WIN 2 TO 1

CINCINNATI, O., May 3.—A wild throw to second base by Bohné with a sure double play in sight, which would have retired the side scoreless gave Chicago, a ninth inning 2 to 1 victory over Reds Wednesday evening, ending up the series of four games. Until the ninth inning the visitors blanked. With runners on first and second and one out Grimes hit a bouncer to Bohné, who threw far over Carey's head and both runners scored. But for this misplay the Reds would have won on one hit. Cub pitchers gave seven bases on balls and the Reds stole six bases. The game was played:

First Inning
 Statz grounded to Carey. So did Heathcote. Gratham walked. Gratham hit to Statz. Grimes flied to Roush. No runs, no hits, no errors.

Second Inning
 Burns walked and stole second, aided by a passed ball. Daubert flied to Statz. Duncan lined into a double play. Adams to Gratham. No runs, no hits, no errors.

Third Inning
 O'Farrell walked. Osborne fanned. Statz hit into a fast double play. Carey to Bohné to Daubert. No runs, no hits, no errors.

Fourth Inning
 Piñelli fanned. Carey walked. Gratham walked. Burns forced Louque. Gratham to Adams. Carey scored and Burns took second on a double steal. Daubert drove deep to Statz. One run, no hits, no errors.

Fifth Inning
 Duncan rolled to Osborne. Roush walked. Bohné hit into a double play. Gratham to Grimes. No runs, no hits, no errors.

Sixth Inning
 Frisberg singled to right. Callaghan hit into a double play. Carey to Daubert. Burns stood on his head after making a diving catch of Adams' little liner, but held the ball. No runs, one hit, no errors.

Seventh Inning
 Gratham died swinging. Grimes drove deep to Burns. Frisberg lined to Burns. No runs, no hits, no errors.

Eighth Inning
 Callaghan bounced to Bohné. Adams singled to right. Adams stole as O'Farrell fanned. Wells batted for Osborne and struck out. No runs, one hit, no errors.

Ninth Inning
 Statz singled. Heathcote sacrificed. Gratham walked. Grimes was safe when Bohné threw the ball over Carey's head, and Statz and Gratham scored. Frisberg flied out. Callaghan was out at first. Two runs, one hit, one error. The Reds failed to score.

Ninth Inning

Statz singled.
 Heathcote sacrificed.
 Grantham walked.
 Grimes was safe when Holme threw the ball over Carey's head, in Stutz and Grantham scored.
 Friberg flied out.
 Callaghan was out at first.
 Two runs, one hit, one error.
 The Reds failed to score.

FIND HAVEN AT LAST

PRESIDENT HARDING is slow to act, seemingly having a philosophy of his own that if a troublesome matter is left alone it will disappear after a time and be no longer a bother to him. He has finally, however, been driven to settle a matter that has vexed a number of countries for months, and he has determined it rightly.

When the opposition in Siberia to Bolshevism collapsed several hundred Russians refused ever to surrender and taking to their ships sailed away in hopes of finding refuge in some peaceful land. To their grievous disappointment, as well as to their great suffering, no friendly port was opened to them. Driven from pillar to post they finally entered Manila harbor. There they have lain at anchor for months, waiting for the United States government to determine whether or not it will receive them as prospective citizens. After much deliberation President Harding finds they may be admitted, since the Russian quota of emigrants has not been reached, and quite all of them have technical and mechanical skill that will make them a valuable acquisition to the industrial scheme.

His conclusion is justified by the laws of sympathy and brotherhood no matter how specious may be his reason. These men have shown by long and courageous struggle and heroic sacrifice that they love liberty and order. Their efforts to save their own land from the curse of communism was unavailing, but it showed they had in them the metal upon which the integrity and honor of a nation are founded.

EITHER PROGRESS OR FAD

NEW HAMPSHIRE'S legislature has made it a crime for anyone within its domain to use standard time. She will have none of this new fangled trick of monkeying with the hands of the clock. Not New Hampshire. With her time, either in fact, or in fiction, is as unchangeable as her eternal hills. The Lord set the sun to rise at a fixed hour and rise then it does and at no other time, and day by day, it unalterably and alone marks the hour.

The state cannot conceive that for the purpose of convenience time may be changed in assumption and moved up or down as the season and the reason may suggest.

Yet it may be as near right as those who, not satisfied with the way nature operates, are forever striving for something different. Anyway she has as much credit for being obstinate as others have for being as fickle and variable as the wind that bloweth.

A MEAN PRETEXT

STUYVESANT FISH, a New York financier of great wealth, died the other day, leaving a will in which he said that having always observed and believed that traitors make charitable bequests to gratify their own vanity at the expense of their heirs, he made none.

One could conceive of a reason for niggardliness towards humanity more valid than that. It isn't a reason, it is selfishness in the presence of death asserting its supreme absence of sympathy with others. Mr. Fish may have had a mean suspicion that all others had vanity in making departing gifts to worthy and charitable ends, but his was the evil conclusion of a mind that could see no good in others. A hundred thousand or more from him to an orphan asylum, for instance, would not have been at the expense of his heirs. Doubtless he has seen they were all more than abundantly provided for even during his life and a comparatively few less dollars to each one would mean nothing except to the greed that hungers for all for itself. In his life others, not of his own kith and kin, cared for and helped him. Out of his plenty it would not have been vanity that urged him to do at least a bit for those to whom the fates might not show themselves so kindly as they had to him.

DeLavera's peace proposals have the sound of a man trying to save his face.

In the several leagues it does not look so much of a question as to which club is the best as which is the worst.

Germany offers France thirty billion gold marks to call off her dogs of war from the Ruhr. That isn't a sum to be sneezed at even in these days of gorgeous financing.

New York-Day-By-Day

BY G. O. MINTY

NEW YORK, May 3.—City Hall Park in the shadow of Old St. Paul's is teeming with memories of the days when windmills stood in Mulden Lane and the male population wore knee breeches, red flannel shirts, and carried bowie knives.

St. Paul's spire, now blackened with the smoke of years, was put up in 1794. The Woolworth building, hard by, is a striking symbol of the new as compared to the old. The City Hall Hotel is an old two-story building, completely out of tune with the buildings around it.

In front of City Hall is the weather-beaten bronze statue of Nathan Hale, the heroic schoolmaster who valiantly volunteered to be a spy and when caught regretted he had but one life for his country. Inscribed on the base of the statue is an odd blunder. It identifies Hale as "a captain in the U. S. regular Army." The United States did not exist until long after his death.

A few moments' walk from City Hall Park is Cherry Hill, the first home of Washington. In those days it bloomed with cherry blossoms and there were picturesque walks down to the sparkling river. Today it is a neighborhood of tenements and young toughs. Gyp the Blood and Lefty Louie began their gang forays there.

It was on the spot where City Hall now stands the Declaration of Independence was read to American troops in the presence of Washington.

On the East Side of the park today are rows after rows of shoe shining stands, and old apple-women in their parade the paves. Too, there are venerable pretzel men with their wares on projecting sticks. The mighty roar of traffic on Brooklyn Bridge is incessant. Newspaper Row in the background with the white of presses adds to the medley.

Speaking of Newspaper Row, there was a time when I used to take a weekly blurb from the editors' cage down there. Ham and Dolan's was a favorite haunt of reporters and copy readers. There was a jingling luncheon for 15 cents and nobody tipped the waiter more than a nickel. Patrons were permitted to light a pipe after the meal and there were sets of dominoes and cubito boards to amuse. Most of us were flying financially light by the end of the week, but the friendly waiters would advance in money. Dolan refused to trust. Then there was

BERTON BRALEY'S DAILY POEM

Of Course He Doesn't

By Berton Braley

"WELL, Santa Claus must be quite elderly now."

The little boy's uncle averred. A frown overclouded the little boy's brow.

His blue eyes grew just a bit blurred. In vigorous protest he shook his small head.

The faith of his heart to uphold. And with deep conviction he boyishly said:

"Aw, Santa Claus doesn't grow old!"

NO sage ever spoke any weightier word. More freighted with glorious truth. The myths and legends that childhood hood has heard:

Are dowered with undying youth; So Peter Pan doesn't grow up with the years.

But over is luthesome and bold. And Allice in Wonderland ageless appears. And Santa Claus doesn't get old!

LITTLE Red Riding Hood still is a child. An Hop o' My Thumb still a boy. The fairies and goblins that roam through the wild. Keep always their youth and their joy:

While the tales are repeated or lulled by song. Sweet Goldilocks' hair will be gold. Prince Charming will nevermore cease to be young. And Santa will never get old! (Copyright, 1923, NEA Service, Inc.)

Perry's drug store where "Doc" Perry catered to those who liked their whiskey straight. It was a hard living crowd in those days and no week passed without some one dropping out via the "blue envelope" for some peccadillo or other. Today reporters carry cabs and wear spats and they eat in smart cafes uptown. And Shades of Martin Green and Frank O'Malley! They drink tea.

There also used to be a gathering of cartoonists at Hahn's on Park Row at the lunch hour. But rarely does the cartoonist work at the newspaper office where he is employed these days. He either has an office uptown or does his limning at home.

I have always pictured the man who writes the styles for men in the theatre programs as a super fashion plate—a man who jumps ahead of the crowd in everything pertaining to style. Instead, he is a business man who dresses in good taste, but very plain. He writes his essays on clothes because it is a subject that has always interested him. He cares nothing for adopting the fashions he describes. And no wonder. (Copyright 1923, By The McNaught Syndicate, Inc.)

Doc Koko's KOLUM

The Seed and the Flowers
A baby seed all dressed in brown,
Fell out of its cradle one day;
The west wind took it with loving arms,
And carried it far away.

He laid it down on a bed of leaves
And hid it with blanket white;
And there it slept like a weary child
Through the long, dark winter night.

It woke at last, when the springtime came,
And stretched its arms on high;
And it grew and grew through the livelong day.
Toward the sun and the clear blue sky.

It drew its food from its Mother Earth,
And it drank the cooling shower;
Till the small brown seed was changed at last
To a sweet, wild, wayside flower.

Up to the Minute

"Yep," answered the farmer. "But he don't pay no attention to his books. I reckon noble he's goin' to be one of these mawritten lawyers I've read about."

Bull's-eye!
Professor in Journalism: "What is the most effective method of theatrical criticism?"
Well Founded Student: "An egg."

Mother Juice
Sing a song of sixpence.

Pat's Interpretation
His Neighbor: "What are ye wearin' so many coats on such a hot day?"
Pat: "Well, ye see, I'm goin' to paint me burn, an' it says on the can, 'To obtain the best results put on at least three coats!'"—Boston Transcript.

Very Capable
"Do you think Hunsen capable of holding office?"
"He ought to be. He holds everything else he gets."

"What we want to discover," said counsel, "is who was the aggressor?"

"Eh?" said the fierce-looking witness doubtfully.

"Let me explain," said counsel patiently. "If I met you in the street and struck you in the face I should be the aggressor."

"No, no. You don't understand. If I struck you without provocation I should be committing an act of aggression."

"Because me, boss, you'd be committing suicide," declared the witness darkly.—Savannah News.

Prof.: "Who was the greatest inventor?"
Student: "An Irishman. Pat. Pending."—Biston.

The Martin

The popularity of "Home, Sweet Home" has broken all song records. It has just about outlived its home. Tildford Moots, who was defeated for constable on the Republican ticket last fall, has been promised a place on the jury if the U. S. goes in the World Court.

"I've just been reading about the power of the will. It's a wonderful thing."

"Indeed, yes. I know a will that makes seven children and twenty-two grandchildren behave themselves."—Dry Goods Economist (New York).

Her Comeback

"He—When I married you I thought you were an angel."

She: "I imagine you did. You seemed to think I could manage without clothes or hats."—London Tit-Bits.
